## **Between You and God, Mini-Series Having Personal Time with Him Special Edition: God's Revelation & Implications**

What does it mean to have direct and personal access to God? The veil in the temple, representing how sin separates us from God, was torn completely in two the moment Jesus died on the cross. His death provides everything you need for direct, personal access to God, but many of us are settling for second hand. The journey beyond a second-hand relationship continues as we consider what it means that God has spoken His Word to us. Read Psalm 19:7-14.

God's Word reveals His person, character, and love for humanity. We as a church have an obligation to respond to His revelation, because information has implications. Consider these main points from our text...

1. Purpose
2. Promise
3. Provision
